

Dispenser and Refill Guide

Instructions:

- Utilize this guide to choose the towel, tissue, soap, sanitizer and air care dispensers that best meet your customer's needs
- You can use this guide to assist in providing an opportunity to give your customer a better restroom experience by upgrading from their current dispensers and potentially save them money based on cost in use. Moving them from multi-fold towel, bulk gallon soap, standard roll bath tissue, etc.
- If you need assistance, reach out to laura.ducey@staples.com. Pictures are always helpful.
- Once the customer has committed to moving their consumables over to the ServiceMaster/Staples program fill out the dispenser request form and send it to laura.ducey@staples.com. Depending on the dispensers needed and what is in stock please allow up to 2 weeks for delivery and set those expectations with the customer.
- If installation is needed please include this when processing the dispenser order with Laura. We ask that for Staples to install at no charge the dispenser count should be 10 or more. We will no longer be able to install just soap, sanitizer or air care dispensers without the inclusion of towel and tissue dispensers, prohibitive labor costs and time constraints in today's environment. The soap/sanitizer/air care dispensers are very easy to install, just double-faced tape (included) and stick to the surface. Allow adhesive to cure overnight before adding the refill.*
 - Staples provides 1 installation trip at no charge per location so be sure to be accurate in your dispenser counts
- You will need to order the refills to fill the new dispensers. If Staples is installing please include the refill order # on the dispenser request form. Dispensers and refills required to be on-site before the installation team will reach out to schedule the install.
- No Charge dispensers are provided under the conditions that the refills be purchased utilizing your ServiceMaster/Staples national program.**

*Tip: To remove old dispensers use craft wire-press against wall and move wire down between wall and dispenser.

Staples # 2566951

enMotion® Green & Fragrance Free Foam Hand Sanitizer, 1000
mL, 2/Case

Staples Item # 2579522

- Enhanced Formulas: Contains aloe and moisturizers to keep skin from drying out. Clinically proven to enhance skin hydration in 5 days and improve skin condition in 2 days
- Kills Germs: Active ingredient Ethyl Alcohol kills 99.99% of common germs that may cause disease
- Hygienic: Sealed hygienic refills help reduce risk of cross-contamination
- Easy To Maintain: High-capacity bottles reduce runout and load with one hand for reduced effort required for refilling
- EcoSmart™ by Georgia-Pacific: 100% recyclable bottles, contain 25% post consumer content and have select third-party product certifications that can help earn LEED® credits
- Green Seal™ Certified: This product meets Green Seal™ Standard GS-41A based on effective performance and protective limits on VOCs and human & environmental toxicity. GreenSeal.org
